LEGGENDA
A - Hot water connection $1 / 2^{\prime \prime} \mathrm{F}^{*}$
B - Cold water connection $1 / 2$ " ${ }^{\text {* }}$.
C - Uscita equipotenziale.
X- Equipotential output.

(To be calculated based on height of the user)

* The height above ground for the connection of the hot and cold water varies with the height from the shower tray.
INSTALLATION:
-Installation must be done on the floor once walls are finished and shower tray installed.
-Do not have pipes passing where fixing holes have to be made.
$-L$ 'height of the shower head and the shower head vary with the height of the positioning of the column equipped

## CAUTION:

-Provide a protective divider wall so that the whirlpool jets do not leak into the room.

MEASURES FOR POSITIONING THE BRACKETS

The overall dimensions are given in centimetres.
Actual dimensions can vary by $\pm 0.5 \mathrm{~cm}$.
Attenzione:
L 'out of' bonding (C) can 'be made either in the right and the left side of the corner of the wall.

| SISTEM | Electrical specificatio |  |  | Hydraulic characteristics |  |  | Dimension |  | Overall Dimensions |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Volt | VA | Hz | Water consumption | Pressure exercises | Link H/C Water |  |  | Pack dimension |  |  | Weight |  |
|  |  |  |  |  |  |  | Width | Height | Lengh | Width | Height | Net | Gros |
|  | ------ | ----- | ----- | It/min 20 | 1,5/3,0 | 1/2" | 21 | 205 | 220 | 33 | 19 | 7 | 12 |

If the water pressure is higher than indicated, install pressure reducers.
Provide shut-off cocks out of the dimensions of the product for hot and cold water closing.
NOTICE: If the conditions indicated should not be observed, even partially, the safety of the column may be compromised: therefore both the guarantee, and the responsibility of the manufacturer for any direct or indirect damage caused by the product are forfeit.
The lapse of the guarantee, in the hypothesis indicated above, will have as a result the replacement of the parts which are recognized as being defective, whithout covering labor costs necessary for the removal of the product.
