ATTENZIONE: L'INSTALLAZIONE VA ESEGUITA DA PERSONALE QUALIFICATO NEL RISPETTO DELLE NORME IEC, ALLE DISPOSIZIONI DI LEGGE E DALLE SPECIFICHE NORME NAZIONALI RELATIVI AGLI IMPIANTI IDRAULICI. L'INSTALLATORE PRIMA DI EFFETTUARE I COLLEGAMENTI DELL'APPARECCHIATURA DEVE RICHIEDERE LA DICHIARAZIONE DI CONFORMITÀ DEGLI IMPIANTI IDRAULICI ED ELETTRICI, PREVISTE DALLA LEGGE NR.46 DEL 05/03/90. IN MANCANZA DI QUESTA DOCUMENTAZIONE LA DITTA SI ESTRANEA DA QUALSIASI RESPONSABILITÀ PER LOCALI E IMPIANTI, DOVE VERRÀ INSTALLATA LA PROPRIA APPARECCHIATURA.

AVVERTENZA: in caso di inosservanza, anche solo parziale, delle condizioni indicate la sicurezza della colonna può venire compromessa: decadono quindi sia la garanzia che la responsabilità del produttore per eventuali danni diretti o indiretti provocati dal prodotto. La decadenza della garanzia, nell'ipotesi sopraindicata avrà come conseguenze la sostituzione dei soli pezzi che saranno riconosciuti difettosi, senza coprire i costi derivati dalla manodopera necessaria alla rimozione del prodotto. E' necessario che la colonna sia removibile in qualsiasi momento, senza dover ricorrere ad interventi sulle murature.

L'installazione della colonna deve essere eseguita da personale abilitato per quanto riguarda il collegamento idraulico.

Le immagini e i disegni rappresentati nel manuale sono puramente dimostrativi.

ATTENTION: INSTALLATION MUST BE CARRIED OUT BY QUALIFIED PERSONNEL IN COMPLIANCE WITH IEC STANDARDS, LEGAL REQUIREMENTS, AND SPECIFIC NATIONAL STANDARDS CONCERNING PLUMBING AND ELECTRICAL SYSTEMS. BEFORE PERFORMING CONNECTION OF THE APPLIANCE THE INSTALLER MUST REQUEST THE DECLARATION OF CONFORMITY OF THE PLUMBING AND ELECTRICAL SYSTEMS AS SET FORTH BY ITALIAN LAW NR.46 DEL 05/03/90. IN THE ABSENCE OF THIS DOCUMENTATION HAFRO S.R.L. DECLINES ANY RESPONSIBILITY FOR PREMISES AND SYSTEMS WHERE THEIR APPLIANCE IS INSTALLED.

NOTICE: If the conditions indicated should not be observed, even in part, the safety of the column may be compromised: therefore both the guarantee and the responsibility of the manufacturer for any direct or indirect damage caused by the product are forfeit. The lapse of the guarantee, in the hypothesis indicated above, will have as a result the replacement of the parts which are recognized as being defective, without covering labor costs necessary for the removal of the product. It must also be possible for the column to be removed at any time without having to carry out any operations on the masonry.

The installation of the column must be done by qualified personnel for both electrical and plumbing connection.

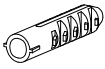

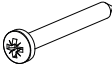

The drawings and illustrations in this manual are provided for information purposes only.

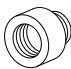

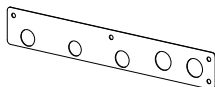

GRUPPO GEROMIN srl si riserva il diritto di apportare modifiche al prodotto in qualsiasi momento senza dare alcun preavviso

IT

Ci complimentiamo con voi per aver scelto un prodotto progettato e realizzato per rispondere nel migliore dei modi alle vostre esigenze di benessere.

COMANDI IDRAULICI

Icon Taps/Column è fornita con rubinetto termostatico. La manopola termostatica imposta e stabilizza la temperatura dell'acqua. Mentre due o tre tasti attivano altrettante funzioni della doccia.

AVVERTENZA

Verificare bene che dopo aver premuto un tasto funzione, quest'ultimo torni in posizione di riposo e che non rimanga incastrato all'interno del corpo rubinetteria.

REGOLAZIONE TEMPERATURA

Per regolare la temperatura dell'acqua ruotare la manopola posizionando la temperatura prescelta verso l'alto ore 12. Questa manopola è dotata di un tasto di sicurezza contro le scottature, per aumentare la temperatura oltre i 38°C premere il pulsante e ruotare la manopola in senso antiorario.

AVVERTENZA

Nel caso fosse stata selezionata una temperatura superiore a 38°C, si consiglia di riposizionare la manopola del termostatico prima del fermo di sicurezza. La temperatura dell'acqua miscelata non deve mai superare i 60°C.

GB

We congratulate you on choosing a product designed and manufactured to best respond to your well-being needs.

HYDRAULIC CONTROLS

Icon Taps/Column is supplied with a thermostatic tap. The thermostatic knob sets and stabilizes the water temperature. While two or three keys activate as many functions of the shower.

WARNING

Check carefully that after pressing a function key, it returns to its rest position and that it does not get stuck inside the tap body.

TEMPERATURE ADJUSTMENT

To adjust the water temperature, turn the knob to position the temperature chosen upwards at 12 o'clock. This knob is equipped with a safety button against burns, to increase the temperature above 38°C, press the button and turn the anticlockwise knob.

WARNING

If a temperature higher than 38 ° C has been selected, we recommend replace the thermostatic knob before the safety stop. The temperature of the mixed water must never exceed 60°C.

AVVERTENZE / ATTENTION

PULIZIA / CLEANING

IT

IMPORTANTE: RICORDIAMO CHE LA GARANZIA NON COPRE I DANNI CAUSATI DAL DEPOSITO DI CALCARE O IMPURITA' O SE L'APPARECCHIO RISULTERA' AVER SUBITO TRATTAMENTI DIVERSI DA QUELLI DA NOI QUI SUGGERITI.

Per evitare danni al vostro bagno o all'apparecchiatura vi invitiamo ad osservare la seguente raccomandazione di utilizzo:

1. Utilizzare per tutte le operazioni un panno morbido e mai salviette abrasive.
2. Non utilizzare mai detersivi in polvere o alcol, usare solo detersivi liquidi appositi per la pulizia.
3. Fate attenzione a non utilizzare mai acetone, ammoniaca o prodotti a base di acido formico o formaldeide.
4. Per evitare la formazione di macchie di calcare sulla rubinetteria è sufficiente asciugare dopo l'uso.

L'impiego di prodotti non consigliati potrebbe causare danni o deterioramenti irreversibili delle superfici.
In tal caso la garanzia non risponderà del danno.

GB

IMPORTANT: WE REMEMBER THAT THE WARRANTY DOES NOT COVER DAMAGES CAUSED BY THE DEPOSIT OF CALCULATE OR BONE IMPURITIES THE APPLIANCE WILL BE SUBJECT TO TREATMENTS OTHER THAN THOSE RECOMMENDED HERE BY US.

To avoid damage to your bathroom or equipment, please observe the following usage recommendation:

1. Use a soft cloth for all operations and never abrasive wipes.
2. Never use detergents in powder or alcohol, use only liquid detergents specifically designed for cleaning.
3. Be careful never to use acetone, ammonia or formic acid or formaldehyde based products.
4. To avoid the formation of limescale stains on the taps, simply dry after use.

The use of non-recommended products could cause irreversible damage or deterioration of the surfaces.
In this case the guarantee will not be liable for the damage.

IT

Nel caso sia necessario sostituire uno o più componenti, contattare un nostro centro assistenza autorizzato. Vedi documento allegato "CENTRI ASSISTENZA TECNICA E RICAMBISTICA" oppure visita il nostro sito WWW.GRUPPOGEROMIN.COM
Prima di effettuare qualsiasi intervento alla rubinetteria chiudere i rubinetti dell'acqua posti fuori dall'ingombro del prodotto.

GB

If it is necessary to replace one or more components, contact our authorized service center. See document attachment "CENTRI ASSISTENZA TECNICA E RICAMBISTICA" or visit our website WWW.GRUPPOGEROMIN.COM
Before carrying out any work on the tap, close the water taps located outside the dimensions of the product.

SOSTITUZIONE CARTUCCIA / CARTRIDGE REPLACEMENT

Punto 1

IT - Una volta estratta la cartuccia per disincrostrare i depositi di calcare consigliamo di immergerla in una soluzione di acqua e aceto caldo per circa 12 ore. Se la cartuccia si pulisce bene, procedere al rimontaggio, altrimenti acquistarne una nuova dai nostri centri assistenza autorizzati.

GB - Once the cartridge has been removed to descale i limestone deposits we recommend to dip it in one hot water and vinegar solution for about 12 hours. If the cartridge cleans well, proceed with reassembly, otherwise buy a new one from our centers authorized assistance.

SOSTITUZIONE TASTO / BUTTON REPLACEMENT

IT - Vedi punto 2 per la pulizia del tasto.

GB - See point 2 for button cleaning.

Avvertenze per l'installazione

L'azienda declina ogni responsabilità qualora:

- 1) Il prodotto non sia installato da personale qualificato o abilitato.
- 2) Non siano rispettate le disposizioni d'installazione e manutenzione riportati sui manuali.
- 3) Non siano rispettate le normative e disposizioni di legge relativi agli impianti elettrici ed idraulici (ultime edizioni).
- 4) Non siano rispettate le norme citate nel presente manuale.
- 5) Vengano usati per l'installazione materiali non certificati.
- 6) Vengano eseguite operazioni non corrette, al punto di ridurre il grado di protezione contro i getti d'acqua.
- 7) Vengano modificati o sostituiti i componenti del prodotto rispetto alla fornitura, o venga riparato da personale non autorizzato.
- 8) Il prodotto è adibito per un uso in locali dedicati e non devono essere installate all'aperto.
- 9) Non utilizzate mai apparecchi collegati alla rete elettrica durante l'utilizzo.
- 10) Gli apparecchi alimentati dalla rete elettrica, posizionati in zone limitrofe, devono essere fissati in modo da non poter cadere.
- 11) Non vengano rispettate le istruzioni d'uso di questo manuale.
- 12) Non vengano usati i guanti durante l'installazione e la movimentazione dei prodotti.

AVVERTENZE PER L'USO

- 1) Non lasciate i bambini soli durante l'utilizzo del prodotto.
- 2) Non introducete nella doccia animali durante l'utilizzo.
- 3) Il prodotto è garantito in base alle condizioni riportate nel certificato di garanzia.
- 4) Chiudere l'alimentazione idrica ed elettrica del prodotto in caso di assenze di lunghi periodi.

Installation warnings

The company declines all responsibility if:

- 1) The product is not installed by qualified or authorized personnel.
- 2) The installation and maintenance provisions contained in the manuals are not respected.
- 3) The regulations and legal provisions relating to electrical and plumbing systems (latest editions) are not respected.
- 4) The standards mentioned in this manual are not respected.
- 5) Non-certified materials are used for the installation.
- 6) Incorrect operations are performed, to the point of reducing the degree of protection against jets of water.
- 7) The components of the product are modified or replaced with respect to the supply, or repaired by unauthorized personnel.
- 8) The product is intended for use in dedicated rooms and must not be installed outdoors.
- 9) Never use appliances connected to the mains during use.
- 10) The appliances powered by the electricity network, positioned in neighboring areas, must be secured so that they cannot fall.
- 11) The instructions for use of this manual are not followed.
- 12) Gloves are not used during the installation and handling of the products.

WARNINGS FOR USE

- 1) Do not leave children alone while using the product.
- 2) Do not introduce animals into the shower during use.
- 3) The product is guaranteed under the conditions stated in the guarantee certificate.
- 4) Shut off the water and electricity supply to the product in case of long-term absence.
